

# Doctor Mentorship Virtual Platform

## Program highlights for 2022:

Virtual support for **12 weeks** in addition to the on-the-ground mentoring at any Thrive Pet Healthcare clinic location.

### Any new doctor is welcome to join!

- Straight from vet school
- Internship trained
- Switching career paths: ex. research or large animal to small
- Or you have been out a couple years and want some extra support

### Areas of focus

In-hospital mentorship supported by a curriculum

Thrive Practice Pearls: A library of RACE approved CE videos on key clinical topics created by Thrive Pet Healthcare team members

Weekly topic discussions with your fellow new doctors on key topics that support your development

On-demand chat supported by our seasoned veterinarians committed to answering your questions

Additional resources customized for your specific support needs

Join the program as soon as you commit to joining the team!

Great opportunity for networking with other new doctors and experienced veterinarians around the country.
