## ELIGIBILITY CRITERIA:

Scholarships are available to Family Medicine, Internal Medicine, Preventive Medicine, Physical Medicine & Rehabilitation, and Occupational Medicine\* residency leaders interested in learning more about lifestyle medicine and in implementing the Lifestyle Medicine Residency Curriculum program at their residency site.

- Scholarships are available and limited to one per US residency site
- Sites already implementing the Lifestyle Medicine Residency Curriculum do not qualify\*
- Individuals who have previously received the scholarship do not qualify
- This scholarship is only applicable for those seeking to certify in 2024 or 2025. Exam registrations are final and are not transferrable. No extensions are possible.

\*While our current main emphasis and focus is on obtaining new sites and residency leaders from the program types listed above, we gladly welcome and are accepting applications from residency leaders representing all specialty types and new programs within already-established LMRC sites.
