Penn State Health Lancaster Medical Center

Location: 2160 State Road, Lancaster, Pa. 17601

Open to patients: Late 2022

Inpatient services: Adult and pediatric acute care hospital services, including Emergency Medicine, Labor and Delivery, Operating Suites and Cardiac Catheterization Lab

Outpatient services: Women's Health, Lab, Imaging Services, Surgery and Noninvasive Diagnostic Cardiology

Open medical staff: Care at Lancaster Medical Center will be provided by Penn State Health faculty physicians, Penn State Health community practice providers and independent community providers.

This new, acute care facility is foundational to Penn State Health's community access strategy designed to ensure that the communities we serve are within 10 minutes of our primary care providers, 20 minutes of our specialty care services and 30 minutes of a Penn State Health acute care hospital.

Penn State Health Lancaster Medical Center: Ensuring access to quality and choice of care close to home.
