## You're invited!

BioMarin Pharmaceutical invites you to a virtual educational event:  
A DEEPER LOOK INTO ACHONDROPLASIA

Join us to examine the most common form  
of disproportionate short stature

### Events in September

#### Dates

Wednesday, October 13th at 7:00 pm ET / 6:00 pm CT  
Tuesday, October 19th at 8:00 pm ET / 7:00 pm CT

#### Presented by

**Janet Legare, MD**

Pediatrician

University of Wisconsin-Madison  
Madison, WI

This virtual program, led by a clinical expert in achondroplasia, will answer questions including:

- What is the underlying cause of impaired bone growth in achondroplasia?
- How does impaired bone growth lead to multisystemic complications throughout life?
- Who should be involved in monitoring and caring for individuals with achondroplasia?
