

Did You Know That ACMP® Offers a QEP™ Directory of Approved Courses?

ACMP QEP Directory of Change Management Courses

Fulfill Your Training Requirements and Get Your Hours!

To help you identify courses that meet the Certified Change Management Professional™ requirements, ACMP developed the Qualified Education Provider™ (QEP) program. The courses listed have been 'pre-qualified' as aligned with the Standard for Change Management® and they count towards the 21 hours you need to be eligible for the CCMP.

Once you have earned your CCMP, QEP courses also count towards your required Professional Development Units (PDUs) to maintain your certification.

Visit the QEP Directory to find the Change Management Training you need!
