

EMPATHY BASED INTERROGATION

STUDENTS WILL LEARN HOW TO:

- ◆ Effectively identify and interview different suspect personalities.
- ◆ Use strategies to enhance accurate information gathering and corroboration.
- ◆ Use empathy and persuasion to maintain longer dialogues.
- ◆ Create an interrogation “Ops Plan” that includes the strategic use of evidence.
- ◆ Use perspective conversion™ to keep a suspect engaged in the conversation.

A science-based interview and interrogation philosophy designed to keep suspects talking.
