OMSNIC informed consent, clinical, and patient education forms are available to all our policyholders. OMSNIC recommends delivering dental services within the scope of your state dental license and any applicable state laws. Legal advice, if desired, regarding whether or not the available OMSNIC resources relate to a clinical service permitted by your state license should be sought from competent counsel in your state. Contact your [local OMSNIC Agent](#) for any coverage-related questions.

To download these resources [login](#) or [register](#) for the OMSNIC website. Spanish versions of the patient education forms are available.
