## CAREER OPPORTUNITY FOR PEDIATRIC UROLOGY PHYSICIAN

**NORTON CHILDREN'S UROLOGY**, affiliated with the UofL School of Medicine, and a part of Norton Children's Medical Group, is seeking a pediatric urologist to join our growing practice located in Louisville, Kentucky. The practice has three physicians and seven nurse practitioners and sees more than 13,000 annual visits. We offer care through personalized provider teams so each patient receives committed, comfortable care.

Our pediatric urology specialists see children from newborn to age 18, offering comprehensive care and state-of-the-art tests for diagnosing and managing a wide range of urological conditions. We are one of the few practices in the area to offer advanced leading technology with video urodynamics and sedation capability. As the first pediatric urology providers of pediatric robotic surgery in Louisville, we stay on the cutting edge of technology with da Vinci Xi robotics and a full line of infant and pediatric endoscopic/cytoscopic equipment that is unavailable elsewhere in Louisville. The practice also utilizes telemedicine and electronic medical records with remote use.

This practice provides surgical services at three Louisville locations: Norton Children's Hospital, Norton Women's & Children's Hospital and Norton Children's Medical Center. With a heritage of pediatric medical service that began more than 125 years ago, Norton Children's Hospital in downtown Louisville is today widely recognized as a leading pediatric hospital in Kentucky and the Midwest, serving more than 200,000 patients each year. The pediatric urology program is ranked No. 1 in Kentucky and 40th nationally by U.S. News & World Report. Norton Women's & Children's Hospital in northeast Louisville is an American College of Surgeons National Surgical Quality Improvement Program center and a Pediatric Surgical Center of Excellence.

To discuss this opportunity, contact Tracy Shaughnessy, senior recruiter, providers, Norton Medical Group, at **(502) 609-3672** or **[tracy.shaughnessy@nortonhealthcare.org](mailto:tracy.shaughnessy@nortonhealthcare.org)**.
