

# THE REMOTE SECOND OPINION PROGRAM

At Children's National Hospital

**Children's National Hospital now offers Remote Second Opinions to physicians and families seeking more information and options about their patient's or child's care.**

## HOW IT WORKS

1. Visit [ChildrensNational.org/SecondOpinion](https://www.childrensnational.org/SecondOpinion) and complete the Patient Access Form with demographic information. Attach medical records using the secure link provided.
2. We will review the record and connect with the appropriate pediatric specialist to complete the second opinion.
3. We provide the opinion to the child's designated primary care provider within 10 business days upon receipt of the required documentation and second opinion fee (starting at \$1,000). In most instances, if requested, we can schedule a provider-to-provider video consult.

### **OUR PROGRAM OFFERS:**

- Direct access to the program's clinical intake team to assist you through the process
- Online submission of medical records and radiology films
- Thorough medical review by top ranked medical specialists
- Comprehensive written medical second opinion results
- Video conferences between Children's National experts and primary care physicians
- Post-opinion follow-up and assistance with referrals

Visit [ChildrensNational.org/SecondOpinion](https://www.childrensnational.org/SecondOpinion) to start your second opinion today.
