A GLANCE AT LURIE CHILDREN'S PATIENTS

As a world-renowned leader in pediatric healthcare, Lurie Children's has established medical and surgical leadership that provides cutting-edge and comprehensive treatments for the simple, as well as the most complex pediatric needs.

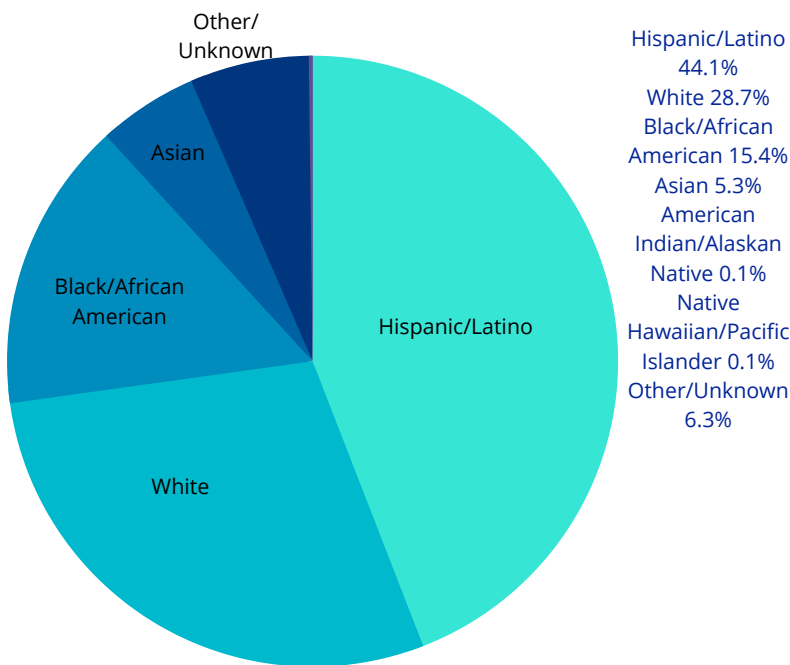

ABOUT LURIE CHILDREN'S PATIENTS

Hospitals that treat children refer their very sickest patients to Lurie Children's Hospital.

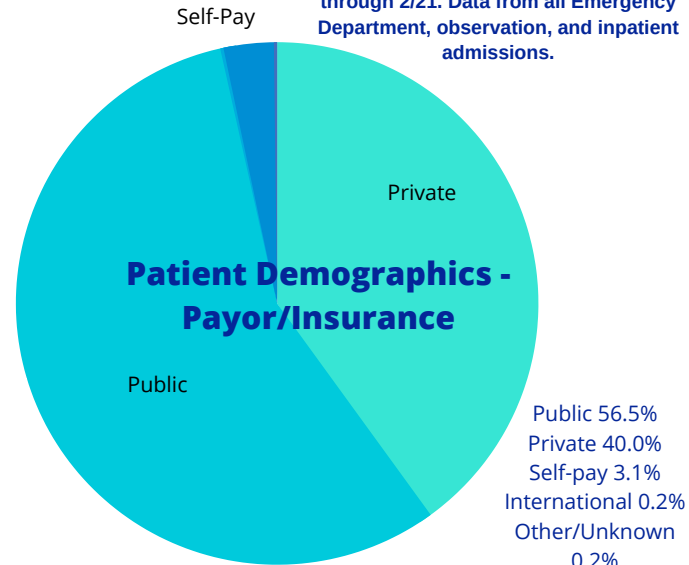

Lurie Children's Hospital is the only specialized, full-service pediatric hospital in the State of Illinois, with more than 1,100 pediatric specialists in more than 70 specialties.

Patient Demographics - Race-Ethnicity

Data dependent on patient/family personal disclosure, race is not always asked at patient intake. Data from FY19 and FY20. Data from all Emergency Department, observation, and inpatient admissions.

Data dependent on patient/family personal disclosure, race is not always asked at patient intake. Data from 9/18 through 2/21. Data from all Emergency Department, observation, and inpatient admissions.

Lurie Children's is the cornerstone of the Illinois pediatric Medicaid system, providing more pediatric Medicaid services than any other provider in Illinois.

Community Advocacy

Lurie Children's is championing initiatives - both in Illinois and Washington, D.C. - that will result in cost-efficient and effective models of healthcare for children.

- **The Collaborative for Children's Health Policy**
- **The Stanley Manne Children's Research Institute**
 - Home to 200+ physician-scientists devoted to understanding, preventing and investigating pediatric illnesses and injuries
