

Pediatric Gastroenterologists

Louisville, Kentucky

NORTON CHILDREN'S GASTROENTEROLOGY, affiliated with the UofL School of Medicine, and part of Norton Children's Medical Group, is seeking board-certified/board-eligible pediatric gastroenterologists to join our team of physicians and staff providing a broad range of clinical gastrointestinal services. Opportunities for both leadership and attending staff positions are available.

ABOUT THE POSITIONS

Chief of pediatric gastroenterology

- Oversee a robust clinical team with varied interests to achieve the shared mission and vision of Norton Children's Medical Group and the UofL School of Medicine
- Opportunity for an experienced, board-certified candidate to grow professionally and personally as an innovative clinical team leader and research lead to promote new program development
- Opportunity to pair clinical care interests with advanced research opportunities, flexible to candidate's interests
- Competitive salary and academic rank commensurate with experience

Pediatric gastroenterologist

- Lead growth and expansion of relevant Norton Children's multidisciplinary clinics, specifically the Eosinophilic Esophagitis Clinic and Aerodigestive Disorders Clinic
- Opportunities for research, teaching and clinical program involvement at the University of Louisville and its residency program
- Opportunities for personal growth through leadership development and pursuit of advanced degrees, such as a Master of Business Administration degree from the UofL College of Business
- Competitive salary and academic rank commensurate with experience
