

FREE CHILD DEVELOPMENT TRAININGS & RESOURCES

PEDIALINK COURSES

These courses were created through a collaboration with AAP and CDC. Find them on *PediaLink*: <https://bit.ly/Pedialink>

Innovative Strategies for Improving Developmental Surveillance and Screening

- Learn new strategies to integrate developmental surveillance, screening, referral, and follow-up into your practice, including how to identify resources including, but not limited to, community asset mapping

Milestones Matter: Don't Underestimate Developmental Surveillance

- Learn key surveillance and screening steps and the value of early identification and intervention when developmental delays are suspected

Identifying and Caring for Children with Autism Spectrum Disorder (ASD): A Course for Pediatric Clinicians

- Learn evidence-based practices for screening, evaluating, and referring children for diagnosis and management of ASD

Identification, Management, and Caring for Children and Adolescents with Fragile X Syndrome

- Learn skills to identify, manage, and care for children and adolescents with Fragile X Syndrome

Caring for Children and Adolescents with Tourette Syndrome

- Learn skills to effectively diagnose children and adolescents with Tourette Syndrome and other tic disorders

RESOURCES TO USE WITH FAMILIES

Family Friendly Referral Guide

- Customize this guide with information about local referral resources and use this guide to support families/caregivers in next steps when a developmental concern has been identified
<https://bit.ly/FamilyFriendlyReferralGuide>

Identifying Risks, Strengths, and Protective Factors for Children and Families: A Resource for Clinicians Conducting Developmental Surveillance

- Provides questions for health supervision visits and resources for Pediatricians and trainees
<https://bit.ly/DevSurveillanceResource>

Interactive Web-Based Tools for Supporting Emotional Wellbeing in Children and Youth

- Based on cognitive behavioral therapy strategies for reducing stress and anxiety while building resiliency; includes printable resources and short videos to share with families
<https://bit.ly/EmotionalWellbeingInChildren>

A FEW ADDITIONAL RESOURCES

Children and Adults with ADHD (CHADD)'s National Resource Center

- Pocket MD podcast helps clinicians effectively diagnose, treat, and manage ADHD in children and adults
<https://bit.ly/PocketMD>

Tourette Association of America Webinar Series

- Educates those who are involved in the care of individuals living with Tourette Syndrome (TS) and for those who are interested in learning about TS treatment and management
<https://bit.ly/TAAWebinar>
