Plantrician Project[®]
Planting the seeds of change™

A FREE nutrition education platform for healthcare students, residents and faculty!

ABOUT PLANTRICIAN UNIVERSITY

Plantrician University is a dynamic education platform. It equips and empowers future physicians, nurses, nurse practitioners, registered dietitians, public health officials, and other healthcare professionals in training, with the knowledge and tools they need to become advocates and educators for the evidence-based role of plant-based nutrition to improve human and global health. Plantrician University is free to confirmed health profession students, residents and faculty around the world.

FEATURES OF PLANTRICIAN UNIVERSITY

Video & Content Library

View over 100 evidence-based lectures from the premier experts in plant-based nutrition and research. New Resources added regularly including; ebooks, fact sheets, and other downloadable tools.

Self-Paced Courses

Supplement your education with the knowledge and tools you need to become advocates and educators for the evidence-based role of plant-based nutrition in healthcare. New courses added every month!

Community

Connect with like-minded students and faculty to network, communicate, and exchange best practices & resources.

Webinars & Events

Explore emerging topics supporting the use of plant-based nutrition as a medical intervention. Webinars and other virtual events are offered on an on-going basis.

FOUNDATIONS IN PLANT-BASED NUTRITION CERTIFICATE

This certificate is ideal for health ambassadors, students, and anyone eager to explore the science behind plant-based diets and their role in disease prevention, management, and even reversal. Through 8 engaging online modules, expert-led lectures, and downloadable resources, participants will acquire the tools to effectively promote plant-based nutrition in both personal and professional settings. In approximately 10-12 hours, this 100% self-paced certificate provides a solid foundation in evidence-based nutrition, empowering graduates to confidently advocate for healthier, plant-based dietary choices.

THE PROFESSIONAL ENROLLMENT PLAN

Tailored for individuals outside the academic sphere! For an annual fee, those who are not students, residents or faculty but share an equal passion for learning about plant-based nutrition and health can access the same wealth of resources, expert-led courses, and exclusive content that our academic community enjoys.
