

Future *Perfect*

Celebrating over 20 years of
pediatric healthcare excellence

Montefiore Einstein

The only hospital in the Bronx exclusively dedicated to meeting the healthcare needs of children

For more than 20 years, the Children's Hospital at Montefiore (CHAM) has been a premier academic children's hospital, nationally renowned for its clinical excellence, innovative research and outstanding outcomes.

CHAM has recruited some of the world's leading pediatric specialists and child health investigators and implemented the latest medical technologies to deliver the highest quality and safest healthcare with compassion and sensitivity to the needs of the children, families and communities it serves.

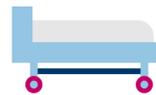

At the heart of CHAM and Albert Einstein College of Medicine is **Future Perfect**: our commitment to create the perfect future for every child by doing everything in our power for our patients, from the great to the small, as we push the boundaries of medical care and science.
