

WHY weeSECURE

IS THE SAFER, BETTER CHOICE!

wee  MEDICAL

PREFERRED BY MEDICAL PROVIDERS EVERYWHERE

**SAFE & SECURE
FOR INFANTS**

Contour shape allows for different ages/sizes of infants and greater comfort during procedures

Multiple restraint slots make weeSECURE the flexible option for greater security

Material composition is safe for skin contact, easy to clean

Flared sides with flange structure offer greater stability on smooth surfaces

Board constructed with arched corners for easy lifting & moving

Most affordable option: durable through multiple procedures and and repeated cleaning

Stackable for easy storage, or use the hole to hang securely out of the way when not in use
