

AVOMD

Bringing clinical evidence into the workflow

Standardize care and eliminate time wasted searching through evidence-based guidelines with customized clinical decision support directly in your workflow.

Includes relevant pediatric guidelines such as:

APA Eating Disorders
AAP Hyperbili
Bronchiolitis
and many more!

- ✓ **Outcomes:** 36% improvement in admission delays in the ED
- ✓ **Cost Savings:** \$700K+ cost savings for a single pathway
- ✓ **Time Saved:** 43-55% of time saved at the point-of-care with features such as *auto-drafted notes*
- ✓ **Clinician Experience:** 95%+ of users advocate for expanded AvoMD usage
- ✓ **No IT Required:** AvoMD is available via web/mobile and integrated with Athena & Epic.
- ✓ **HCC Coding:** Assisting with *risk adjustment*

Scan the QR code to check out our interactive screening and assessment tool for eating disorders based on the **APA's new Practice Guideline for the Treatment of Patients With Eating Disorders.**
