

## WellSpan York Hospital

Built on a solid 140-year legacy of providing high-quality, high-volume, community-based care, WellSpan Health is one of the region's largest, most comprehensive health systems. WellSpan York Hospital, the largest of WellSpan's eight hospitals, is a 596-bed acute care community teaching hospital that employs nearly 5,000 people, making WellSpan the largest employer in York County. WellSpan York Hospital was one of several WellSpan Health hospitals honored by U.S. News & World Report with the High Performing recognition for 2022-23.

Driven by a mission to provide exceptional care to all, WellSpan York Hospital serves a diverse population of more than 520,000 residents from the greater York County area. Last year, over 27,500 inpatients entrusted us with their care; approximately 78,500 individuals visited the Emergency Department; and we shared in the joy of delivering more than 3,000 newborns here at WellSpan York Hospital.

A recent \$50 million, 46,000-square-foot Emergency Department renovation features modern, dedicated treatment areas for pediatric, cardiovascular, orthopedic, behavioral health patients and COVID-19 patients, while promoting patient-centered care, patient safety, efficiency and employee satisfaction.

WellSpan will soon embark on a significant expansion of WellSpan York Hospital. The centerpiece of the five-year project will be the construction of a new, eight-story surgical and critical care tower, which will dramatically expand the hospital's intensive care unit as well as develop new state-of-the-art surgical suites, making it one of the top 10 largest hospitals in Pennsylvania with approximately 600 beds. The new state-of-the-art surgical suites will be greatly expanded from their current size to accommodate the latest robotic surgical and advanced medical technology.

The design includes expanded anesthesia space within the operating suites.

With the project, the critical care capacity at the hospital will increase by over 60 percent – from 60 intensive care unit (ICU) beds to 96 – when the expansion is complete.

WellSpan is committed to reimagining how we deliver healthcare. In addition to providing the community with access to comprehensive primary, specialty and ambulatory care, our professional, highly skilled staff include board certified, fellowship-trained physicians and specialty-trained advanced practice providers offer exceptional medical/surgical care, maternity care, critical care, cardiac care, respiratory care, robotic surgery and emergency care.

WellSpan is a charitable, mission-driven organization, committed to exceptional care for all. As a trusted partner in the health and wellness of our patients and our community, our focus is on providing exceptional, personalized care, accessible to all. WellSpan embraces diversity, and strives to make every person feel welcomed, respected and valued—in a safe and inclusive environment.

York WellSpan Cancer Center supports the hospital as part of WellSpan's regional network of five cancer centers. The compassionate team of oncology professionals are committed to supporting patients throughout their entire cancer journey. Personalized care that meets each patient's unique needs is provided in a warm, supportive atmosphere.

As an integrated health system designed to work as one to build healthier, stronger communities — teamwork, collaboration and partnership drive WellSpan, regionally and systemwide.

## York County

Nestled in the Susquehanna River Valley of South-Central Pennsylvania, York County offers outdoor adventures, historical attractions, top-notch restaurants, excellent schools and a low cost of living. Rolling hills and a picturesque river pair perfectly with bustling central downtown York City. Outdoor activities nearby include golf, fishing, skiing and hiking. Spend an evening at the York Revolution ballpark, enjoy the largest county park system in the state and hike or bike York's Heritage Rail Trail. Enjoy a night at the Appel Center for the Performing Arts or the York Symphony, after visiting our farmer's markets and nearby wineries and breweries.

### Surrounding Areas

Indulge in a sweet chocolate adventure at nearby Hershey's® Chocolate World, spend the day riding thrilling roller coasters at Hersheypark® and stay to enjoy a concert at Hersheypark® Stadium. Visit downtown Lancaster, Pennsylvania, just a short drive away, for award-winning restaurants, coffee shops and thriving art scene.

### Education

A wide range of public, private, and higher education opportunities are available in York County and surrounding areas.

### Centrally Located

York provides easy access to numerous metropolitan areas. U.S. Interstates 81, 78 and 76 (the PA Turnpike) provide easy access to Baltimore (1 hour), Philadelphia (2 hours), Washington, D.C. (2 hours) and New York City (3.5 hours).
