

The Fetal and Pregnancy Health Program, part of the Johnson Center for Pregnancy and Newborn Services at Stanford Medicine Children's Health, provides comprehensive, coordinated care for complex fetal diagnoses and pregnancies. We provide a full range of prenatal diagnostic modalities, consultation, and maternal-fetal therapy, combining expertise from specialists in maternal-fetal medicine, neonatology, perinatal genetics, pediatric radiology, surgery, cardiology, and other pediatric subspecialties.

Program established in
2009

6,500+
Patients evaluated

30+

Pediatric and adult medical and surgical subspecialties

30,000+
Ultrasounds annually
