

# Research I Base Subscription

CITI Program offers an easy to manage turnkey solution that organizations can use to train entire groups of learners online and affordably.

An annual subscription fee\* for our Research I solution provides your learners with unlimited access to the six series of courses listed below. During the subscription process, you also have the option to expand the course selections by ordering optional add-on courses for an additional fee. Further, you may consider our custom subscription package that allows your organization to select six series of training of your own choosing.

**Animal Care and Use (ACU)**

Featured

Covers the general principles of the ethical care and use of animals in research, training, and testing. Animal specific courses are also included.

**Conflicts of Interest (COI)**

Featured

Reviews the PHS regulations on financial conflicts of interest and an investigator's responsibilities related to the disclosure of "Significant Financial Interests."

**Good Clinical Practice (GCP)**

Featured

Provides essential GCP training for research teams involved in clinical trials of drugs, biologics, and devices, as well as those involved in behavioral intervention and social science studies.

**Human Subjects Research (HSR)**

Featured

Provides core training in human subjects research and includes the historical development of human subject protections, ethical issues, and current regulatory and guidance information.

**Information Privacy & Security (IPS)**

Featured

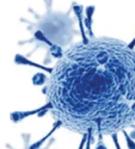

Covers the principles of data protection, focusing on the privacy and information security requirements of HIPAA and the educational records and data-related requirements of FERPA.

**Responsible Conduct of Research (RCR)**

Featured

Explores the core norms, principles, regulations, and rules governing the practice of research.
