Institutional Research Center of Excellence

Optimize Your Research Administration, Compliance, and Operations

Develop, implement, and uphold research compliance and administrative practices in alignment with federal regulations, state and local law, and industry best practices.

Advarra's Institutional Research Center of Excellence (CoE) empowers the research community to achieve excellence by:

Facilitating shared responsibility for compliant research ethical conduct

Supporting institutions, investigators, and research teams through process improvement, innovative technologies, and education

Propagating best operational practices to maximize research activity efficiencies
