

7 Ways to Advance Your Career in Nutrition Science as an ASN Member!

From the early years of your training until now, you've been dedicated to nutrition. Or perhaps you aspire to join the profession. Regardless of your status, you want to make the most of your career. Here are seven ways in which ASN can help advance your career when you become an ASN member!

Stay Up-to-Date with the Latest Findings

Come to Nutrition 2019, ASN's premier scientific meeting focused on all topics relevant to nutrition. Get the latest information in nutrition science and advance your understanding in the field. Become an ASN member and save up to \$200 off your meeting registration.

Access Reliable Information

Stay informed 365 days a year through members-only complimentary online access to ASN's peer-reviewed journals, *The American Journal of Clinical Nutrition* (AJCN), *The Journal of Nutrition* (JN), *Advances in Nutrition* (AN) and *Current Developments in Nutrition* (CDN).

Publish in Leading Journals

Share your research with the international scientific community. As an ASN member, you will receive a discount on page charges and a 10% discount for open access publication in the top peer-reviewed journals in nutrition science.

Expand Your Knowledge

Stay current and abreast. Take advantage of ASN's online educational portfolio including podcasts, author videos, recorded webinars, videotaped conference sessions, blog entries and more.

Present Your Research

Present your research and be recognized for your hard work! ASN grants more than \$100,000 annually for scientific and travel awards, scholarships and honoraria to support the best and brightest of our field.

Connect with Other Nutrition Professionals

Join our global network of over 6500 members in 100 countries. Make your voice heard in one of our 16 Research Interest Sections (RIS). Talk to other professionals or connect with a mentor or mentee through our members-only community, ASN NutriLink!

Get Involved in an Interdisciplinary Community

Through ASN's membership with FASEB, exchange ideas with other scientific disciplines through FASEB's Legislative Action Center, online access to the FASEB Member Directory and career development resources.
