ILWTI offers 2 educational formats:

Live Web Ed based Training

Live in Person Training

(both formats include online pre-course work)

Get your Live Web Ed based CLWT™ Certification in a little over a month from the comfort of your home or office.

Divided into 3 segments:

- ❖ Certified Wound Therapist
- ❖ Modern MLD (manual lymphatic drainage)
- ❖ Certified Compression Specialist

The ILWTI educational team offers the industry's most current research-based curriculum. Our Live Web Ed based training courses allow access to an array of difference instructors from across the US with specialized training individualized to their specialty areas.

**Todays research shows that the #1 leading cause of lymphedema is Phlebolymphe^m and therefore we are seeing more wounds associated with these lymphedema cases making imperative to have wound care training.*

Only ILWTI offers Certified Lymphedema Therapist (CLT) Course that Includes Wound Certification (CLWT™) for the same cost at a standard CLT course!
