OUR SERVICES

Experience the Power

By leveraging experience and technology, Prodigy Health is dedicated to offering simple logistics, responsive service, and flexible solutions. With a continually expanding product portfolio, Prodigy helps to manage ever-changing demand while keeping you ready for unexpected emergencies through On Demand Consignment, Same Day Delivery, and Leiters 503B services.

On Demand **Consignment**

Eliminate expiry and shipping costs. Simple qualification metrics.

Same Day **Emergency Delivery**

Nationwide, Same Day shipments delivered within an average of 2-6 hours.

Sales & Service **Leiters 503B**

Compounded sterile preparations through Leiters, an FDA-registered 503B outsourcer.

Prodigy Connect RFID Inventory Solution

Automatically monitor consignment inventory through our Prodigy Connect RFID inventory solution while using the best-in-class IntelliGuard® Smart Cabinet Inventory System™. By using the ProdigyVision portal, get connected with real time updates and control your inventory whether you are onsite or monitoring remotely.

Prodigy Connect RFID is the only consignment program that allows transfers between RFID and non-RFID locations without being invoiced. Email orders@prodigyhealth.com to get qualified today!

Technology That Makes Your Life Easier

- 1 Inventory movements automatically update every time the door is opened and closed
- 2 Automatic restock notifications are sent when a product is dispensed
- 3 Once dispensed, there is a 48-hour window before an invoice occurs

The background of the slide is a solid orange color. Scattered across this background are numerous stylized red blood cells. These cells are depicted as biconcave discs, with a darker orange or reddish-brown center and a lighter orange outer ring, giving them a three-dimensional appearance. They vary in size and are oriented in different directions, some showing the concave side and others the convex side.

The background is a solid blue color. It features several stylized virus icons, which are dark blue circles with multiple small spikes or protrusions extending from their surfaces. These icons are scattered across the slide. In the center, there is a faint, light blue shield shape. Overlaid on this shield is the text of the vaccine list.

The background of the slide is a solid dark blue color. Overlaid on this background is a complex, abstract pattern of thin, light blue lines. These lines are arranged in a series of overlapping, wavy, and undulating shapes that flow from the top left towards the bottom right, creating a sense of movement and depth. The lines are closely spaced in some areas, forming a mesh-like texture, and more spread out in others.

Leiters 503B

503B PRODUCTS & SERVICES

Leiters & Prodigy Health

In December 2019, Prodigy launched a new partnership with Leiters, a leading FDA-registered 503B outsourcing provider of compounded sterile solutions based in Denver, Colorado. As a sales and service partner, Prodigy provides hospital and ophthalmology compounded sterile preparations through Leiters.

Experience High Quality & Visibility

All Leiters sterile preparations are produced under 503B of the FD&C act (503B Guidance), Current Good Manufacturing Practices (cGMP) and USP <797>. Certificate of Analysis (CoA) provided with every shipment.

Always Know What Is In Stock

By logging into the ProdigyVision ordering portal, customers have access to see real-time inventory of all products directly on their order screen.

Kit Check RFID

Leiters RFID labeling is compatible with the Kit Check automated medication tray management system for select products.

Integrated e222

Order control substances without manually submitting DEA 222 forms. Instantly sign and confirm the receipt of your e222 order through the ProdigyVision portal.

Direct from the Manufacturer

Prodigy works directly with multiple manufacturers to provide significant cost savings.

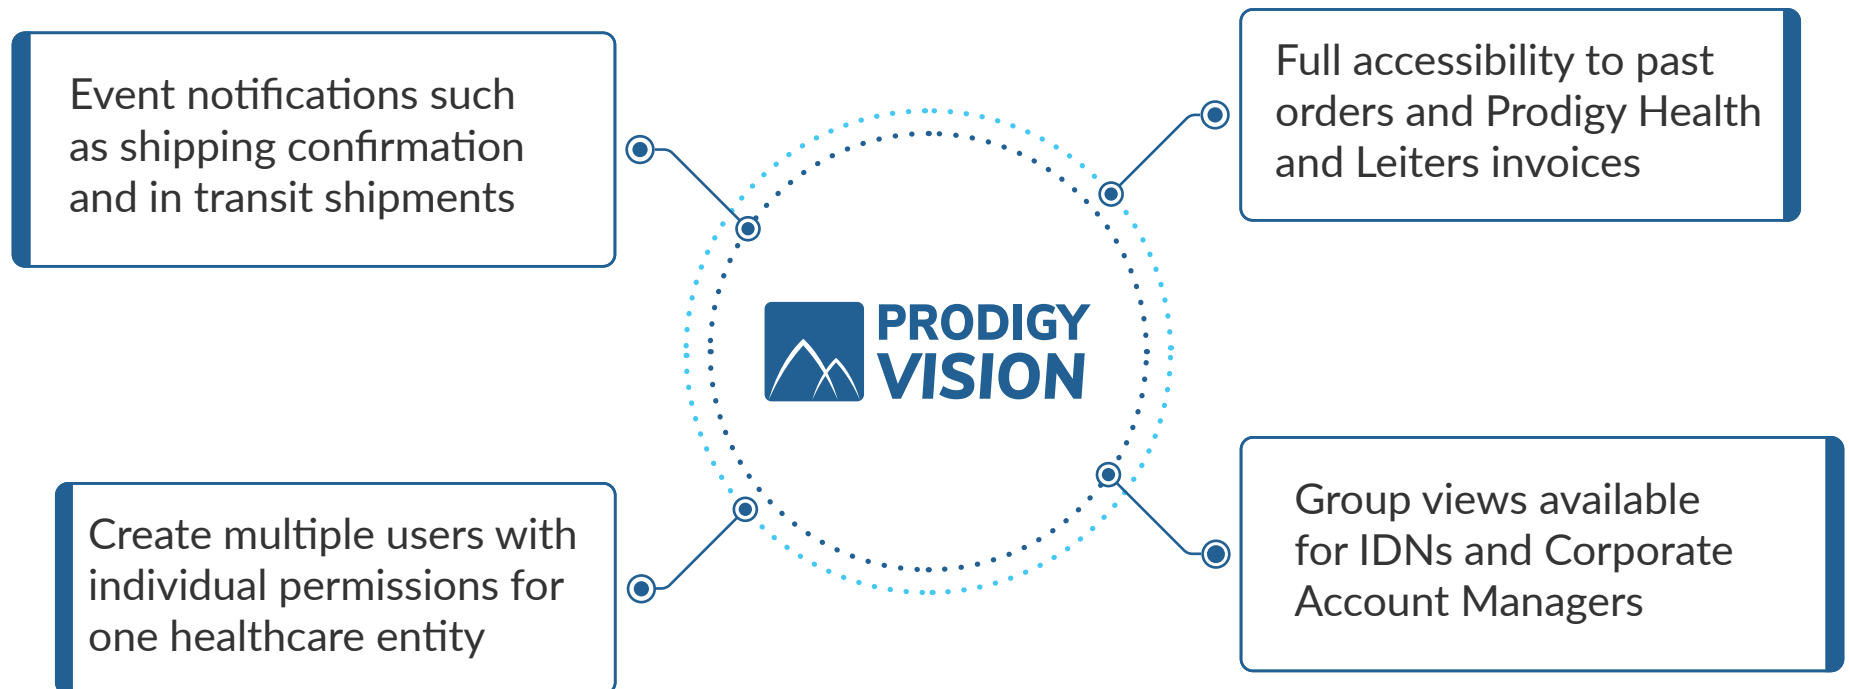

ORDER WITH PRODIGYVISION

Place an Order Today

Go to ProdigyHealth.com and log into ProdigyVision or email orders@prodigyhealth.com to place your order today! Need a ProdigyVision login? Email orders@prodigyhealth.com for easy access or to learn more!

See Everything In One Place

By unifying our services, customers are able to access visibility to real time inventory, tracking, and more through our ProdigyVision customer portal.

View Real Time Inventory

Know if a product is in stock at the time of order. Live inventory is available directly on the order screen.

Vision Order Subscriptions

Enable automatic, recurring orders by scheduling shipments that fit your schedule. Once enabled, you have the ability to edit quantities, change the schedule, or cancel at any time.

Inventory Radius View

Vision Radius View allows Prodigy On Demand Consignment customers real time visibility to inventory located within 4 hours of their location, whether inside or outside of their network.

*Radius view shows product by city and state, hospital names are blinded
